Date: 10.04.2024

****Subject: Online Classes Announcement****

Dear Students,

We would like to inform you that due to the election duties assigned to our college by the Election Commission, there will be a change in our mode of instruction. However, rest assured that your classes will continue as scheduled.

We will be transitioning to online classes for a specified period. These classes will be conducted via Google Meet. You will receive a message containing the necessary links and access codes for your classes a day before the class is scheduled.

The teachers will notify you in advance about the timing of the classes. If you encounter any technical issues, please feel free to contact with Head of the Department.

This arrangement will be in place until the 23rd of April. We will keep you updated if there are any changes to this schedule.

Thank you for your understanding and cooperation.

DIC & Assistant Prof.
