NOTICE

24.01.2022

Instructions for the conduction of assignment based practical examination for the 1st, 3rd and 5th Semester students, 2022(CBCS).

- i. Practical laboratory note book is compulsory for all the practical papers. 3 marks will be assigned for the laboratory note book.
- ii. For the remaining 17 marks, questions will be given by the respective colleges.
- iii. For the Practical Course Code: GEO-H-DSC-5-11-PR students will submit an individual report on any environmental problem of North Bengal based on secondary data.

All the students of 1st, 3rd and 5th Semester of Geography Honours, Programme, and Generic are requested to follow the given instructions for the smooth conduction of practical examinations by our department.

- i. Questions papers will be distributed through the official students' WhatsApp group of the respective semesters during the exam day, **before 10 munities prior to the exam.**
- ii. Total Practical exam timing is 3 hours, within it you have to submit your answer script. **Submission of answer script after the giving timing is not allowed in any circumstances.**

INSTRUCTIONS FOR WRITING ANSWER SCRIPTS, FILE NAMING AND UPLOADING

The scripts are to be handwritten, numbered consecutively. Please use a top-sheet as the first page, with the following information clearly written.

- (1) Name of the Examination
- (2) Date of the Examination
- (3) Course Code and Name
- (4) Your University Registration Number
- (5) Total Number of Pages in Your Answer Script (including the top-sheet)

(6) Serial Numbers of the Questions answered (written one below another, so that the examiners can place marks on their right side)

Your answer script is to be submitted as a single PDF file within 40 MINUTES AFTER THE END OF THE EXAMINATION on the date of the examination.

If you use a smart phone to image your script, you must ensure (1) using sufficient light, and (2) holding your phone at proper angle and position to the papers laid on a firm, flat surface — so that they do not get distorted. Consider using a convenient software like ADOBE SCAN that automatically arranges the scanned pages into a file. It would be a good idea to practice this process beforehand.

(iii) Naming the file containing your Answer Script is very important. This should be done as:

Registration No._Name of Practical Course. For example, N90GE022_CC2 Geomorphology.

(iv) Submit the **soft copy of your Laboratory Note Book** on the day of Examination a *single PDF File..* Name of the File will be *your university Reg. no.-Semester-Lab note book.* Examination, **Semester, University Roll Number, Registration Number, Course code , Course name** will be also written at the front page of the Laboratory note book.

(V) After completion of the aforementioned steps email the entire document (in PDF format) either in the **email id(s) or Google form (has mentioned below)**. Before sending the email mention your Semester, Course, University Roll No. and Registration number in place of subject of the email. Google form will be given at the day of the examination.
