Date: 28.02.2020

Event Name: Observation of 34th National Science Day, 2020

Objective: Every year National Science Day is observed nationwide to commemorate the discovery of Raman Effect by Sir C. V. Raman on February 28, 1928. The first winner of Nobel Prize in Science from Asia, Sir C. V. Raman needs no introduction. Surya Sen Mahavidyalaya also observed this day elegantly. There was active participation of both faculties and students. The Swapan Kumar Sarkar Memorial Hall, in which the programme was organized, was fully occupied by audience who enjoyed the lectures very much.

Event Summary: Dr. Prajnamita Dasgupta presented a very informative session on the theme “Women in Science”. She highlighted several successful women in the field of science both from India and internationally. The presentation also detailed about several fellowships and grants, both in India and worldwide, beneficial to women candidates pursuing higher studies science. The audience was highly benefitted by the lecture. Dr. Soma Adhikari of the Dept. of Physics also gave a beautiful presentation on the life and works of Sir C. V. Raman. She highlighted his awards and recognition worldwide and the hurdles of his life. She also gave a brief introduction of Prof. K. S. Krishnan who was the PhD scholar of Sir C. V. Raman and contributed to the Nobel winning work.

Dr. Soma Adhikari is presenting on the life and works of Sir C. V. Raman

Event Date: 28.02.2020

Venue: Swapan Kumar Sarkar Memorial Hall, SSM

No. of student participants: 150

Duration of program: 3 hrs
